

Now Hiring: Assistant Warehouse Manager

Dyersburg Electric System is looking for a dependable, hands-on team player to support our warehouse operations! As a Assistant Warehouse Manager, you'll help keep materials, tools, and equipment organized and ready to support our utility crews.

What You'll Do:

- Receive and Stock materials
- Track and issue inventory
- Load/Unload deliveries
- Keep the warehouse clean and organized
- Support daily operations and field crews

What We're Looking For:

- Reliable with strong work ethic
- Able to lift up to 50 lbs.
- Basic computer skills
- Warehouse experience preferred (but not required)
- Forklift experience is a plus
- Class A CDL Preferred (but not required)

Dyersburg Electric System offers competitive wages and an outstanding benefits package.
